

DECREME MATTHIEU

IT STUDENT | DEVELOPMENT, DATA & AI | CREATIVE MIND, TECH & HUMAN-CENTERED PROJECTS

I love turning ideas into functional, intuitive solutions and exploring how technology can genuinely improve user experience. Whether I'm coding, analyzing data or experimenting with AI tools, I enjoy learning fast and building projects that are both impactful and meaningful. Driven by curiosity, creativity and continuous improvement, I'm always looking for opportunities to grow and contribute to tech that makes a difference.

Emotional share lover

EDUCATION

EPHEC UNIVERSITY COLLEGE — 2024 - ...

IT - Bachelor's degree - Louvain-La-Neuve - Belgium

Bachelor's degree in Computer Science (in progress). Coursework includes software development, web programming, data structures, databases, operating systems, networking, cybersecurity basics, electronics, and IT project management.

KING SEJONG INSTITUTE — 2024 - 2026

Korean Lessons - UCL - Louvain-La-Neuve

Alongside my bachelor's degree, I completed additional Korean language courses at UCL, taught through the King Sejong Institute. This program strengthened my linguistic skills and deepened my understanding of Korean culture.

SATAKUNTA UNIVERSITY OF APPLIED SCIENCES - SAMK — FEB 2025

International Week - Pori - Finland

I took part in an international week in Finland focused on robotics, automation, and collaborative problem-solving. We explored emerging technologies, programmed robots, and worked in multicultural teams to tackle real technical challenges.

EXPERIENCES

RESTAURANT CREW MEMBER (STUDENT JOB) — JUL 2025 - NOV 2025

Quick - Part-time - Jumet - Belguim

Student job in fast-food service. Managed customer orders, food preparation, hygiene standards, teamwork and high-pressure situations. This experience strengthened my reliability, adaptability and customer-service mindset.

WAITER / FLOOR-STAFF — JUL 2023 - AUG 2023

Restaurant Feel food - Part-time - Thuin - Belguim

Customer service, order management, coordination with the kitchen and maintaining a professional service. This role improved my communication skills, multitasking and sense of responsibility.
